

Adding Connect Assets To Elevate Productivity And Efficiency

Your primary concern is empowering your team to create their best work.

Elevated productivity and streamlined workflows mean more projects delivered on time, more happy clients, and faster business growth.

A cloud-based digital asset management system, particularly one like Connect Assets with a low barrier to entry, makes that mission much simpler.

Elevate Your Team's Efficiency

- + Centralize digital assets in a single, uniform system in the cloud
- + Speed up turnaround times and deliver a greater volume of work
- + Empower your team to spend more time acquiring and serving clients

Encourage Collaboration

- + Ensure you and your team can share the right images and assets with the right people every time
- + Prevent costly mistakes and lost assets, which could lead to lost clients
- + Better management with robust permission control capabilities

Improve Organization

- + Allow team members to quickly search and find any asset
- + Avoid repurchasing assets you already own
- + Encourage repurposing of assets

Simple Purchase and Integration

- + Pricing starts at \$300* per user per year, billed annually
- + Payment options include credit card, PayPal, and purchase order
- + No software installation, no IT requirements, no extensive training

Take the first step towards sustainable growth. With Connect Assets your team can deliver timely, high-quality content to more clients more often.

Get started with your free trial of Connect Assets today. Invite your team to sign up at extensis.com/connectassets, or reach us at extensis.com/contact-us.
